## EXPERIENCE

**Ontario Tech University,** Oshawa — *Gameplay and Tools Programmer*

July 2021 - August 2021

- Unreal/C++, 6 person team
- VR driving game made in Unreal, in collaboration with engineers at Ontario Tech
- Created core gameplay and a networked tool to communicate between the game and the engineer's systems, wrote documentation on the project

## PROJECTS

**Beast of Gévaudan** — *Tabletop Simulator Modder*

11/12/2020 - 17/12/2020

- Lua, volunteer at a medium sized business
- Social impact tabletop game centered around PTSD and the myths of the Beast
- Wrote scripts and imported game assets into tabletop simulator, also helped with rulebook editing and tweaked the design of the game.

**Sharpshooter (GAME JAM)** — *Game Programmer*

17/09/2021 - 28/09/2021

- Unity/C#, 3 person team, github linked on project page
- A simple arcade game where your goal is to hit as many targets as possible with your only bullet
- All aspects of the game's implementation except the level design were created by me, small post jam edits were made to improve gameplay

**Tone Fire** — *Sole Programmer*

11/12/2020 - 17/12/2020

- C++
- A wrapper for FMOD Core and Studio API
- Made for lower year students in my program so they could have sound in their games. Some bug fixes were made a couple of months after finishing

## EDUCATION

**Ontario Tech University,** Oshawa — *Game Development & Entrepreneurship, Minor in Game Programming*

September 2018 - April 2022

- Learned game programming techniques and patterns, completed three eight month long game projects in a team setting, learned how to work in a team

### LANGUAGES

C++/C#

Flutter/Dart

Lua

### SOFTWARE

Unity

Visual Studio/VS Code

Git/Github

Unreal

### SOFT SKILLS

Worked on many game projects with multiple teams

Love to learn new things and listen

Empathetic

Mental Health First Aid Certified

### GAME JAMS

Score Jam #15

Hosted Mechanics Jam 1 & 2

GDJam 21

### HOBBIES

Espresso

Music

Nature

Learning about people!
